

Southern Indiana

Craftbrewer's and Wineries Festival

Unique, regionally produced brews and wines will be available for unlimited sampling!

The majority of the beer and wine that will be served is only available from the area in which the breweries and wineries are located, so get ready for a tasty tour unavailable elsewhere!

Come and learn about our region's microbreweries and wineries as presented by those who actually craft the beer and wine while supporting a great cause!

All Profits to Benefit:
